“FIRST COME, FIRST SERVED, LIMITED FUNDS”

The Georgetown Redevelopment Commission (GRC) offers grants to property owners, including but not limited to residential and commercial/industrial businesses, within the Town of Georgetown for a variety of purposes. The GRC’s main objectives for the façade grant program are to encourage visual improvements, historic preservation and economic investment. Eligible projects include general building/property improvements, for example: exterior painting, or repairs, signage, awnings, and landscaping. The project may include parking resurfacing as long as the resurfacing is not the only work performed. Projects that include more than general building/property improvements are preferred. (All improvements must comply with the Town of Georgetown zoning regulations, including any required building permit(s), and be approved by the Town of Georgetown Planning and Zoning Department). An application must be approved, in writing, before work begins.

*****Priority will be given to properties within the Historic Downtown area.*****
